

## COSMOS COLLABORATIVE COUNCIL

September 5, 2007

---

---

### GOALS OF THE CCC

- planning high quality professional development by gauging district needs
  - seeking available science and mathematics professional development funding from state and national sources
  - assisting with data collection and analysis to evaluate effectiveness of professional development and guide teachers in making data based decisions
  - sharing timely information, best-practice strategies, and updates regarding science and mathematics education at the local, state, and national levels
  - providing curriculum and assessment support aligned with the content standards and state initiatives
- 
-
